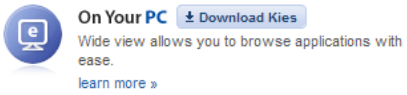
Getting Samsung Kies:

To get the latest version of Samsung Kies, visit the www.samsungapps.com and download Kies to a folder on your PC desktop.



Installing Samsung Kies:

1. Verify that no previous version of Samsung Kies is installed on PC. If a previous version of Samsung Kies is installed, please remove before proceeding with Kies installation.

   start **→ All Programs → Samsung → Kies → Uninstall Kies → wait for Kies program to be removed.**

2. Open Samsung Kies folder on PC desktop and double click Kies icon to install program.

Firmware Upgrade Procedure:

1. Run Samsung Kies program.

2. Connect data cable to PC USB port.

3. Power on device and connect to data cable.

4. Wait for Samsung Kies to recognize the device.

5. Samsung Kies will display pop-up window to alert if there is a software update available. Click Update to begin software upgrade process.

Firmware upgrade
Caution
Firmware upgrade for GT-I9100M will now start.
Disconnect all devices, other than the one to be upgraded.
1. Please fully recharge the battery before upgrading.
2. Please back up your data before upgrading. (Data that has not been backed up may be deleted.)
3. Please do not press any buttons to run the menu during the upgrade process.
4. Do not connect other mobile devices (MP3 players, cameras, external hard drives) to the PC while upgrading.
5. Please do not disconnect the cable until the upgrade is complete.
6. You cannot use call functions while upgrading.
7. Upgrades can take 5 to 30 minutes, but may take longer depending on your network connection.
I have read all of the above information.
Allow saving of information
We would like to save your phone number, PC hardware specifications and IP information on our server for 2 years. This will help us identify, analyse and resolve any errors that may occur during firmware upgrades and contact you if necessary. We collect information in order to inspect PC properties and network quality. No content other than pertinent information will be saved, and saved information will not be used for any other purposes. Will you allow us to save this information?
